Night Mode

The screenshot shows the UCJIS User Preferences interface. At the top, there are tabs for "UCJIS Home" and "Preferences" (with a close icon). Below this is a sub-tab for "UCJIS User Preferences". A dark blue header bar contains the word "Preferences". The main content area is titled "General" and contains a "Color Scheme:" label with a red asterisk. To its right is a dropdown menu with "DEFAULT COLOR SCHEME" selected. The dropdown is open, showing two options: "DEFAULT COLOR SCHEME" and "NIGHT MODE", with "NIGHT MODE" highlighted in blue. A "Display:" label is positioned to the left of the dropdown menu.

Agency Defaults

Agency defaults are transactions that have been grouped together, that you can choose to have granted to your new users. Instead of listing each transaction

→ **What**

What transactions can be listed as an agency default

→ **Who**

Who should you speak to, to set your agency defaults

Agency Defaults

The agency defaults are currently divided into [LIMITED](#) and [FULL](#) access.

It is also grouped by the following:

Tip

A misconception is that you can choose what transaction specifically to make a default.

You will have to choose from the groups that are already created which may or may not include that transaction .

[NCIC](#)

[III](#)

[Nlets](#)

[Local](#)

LIMITED VS FULL

Default Access also depends on the access your agency is allowed to have

Transaction Specific

Some transactions are not currently included in the Default Access Groups and cannot be added.

Example:

Probable Cause Arrest and
Probable Cause Booking

Tip

User Setup Form::

Has a current list of the access that is not able to be an agency default.

When creating your Agency Default list, you will need to contact your Field Service Representative.
