Crash & Citation

Unsure how to utilize or use the Crash and Citation website?

- TAC/Alt-TAC request access through the UCJIS Help Desk
- <https://highwaysafety.utah.gov/crash-data/crash-entry-help/>
 - Has resources and trainings to help the User
 - Has contact information for further assistance

The screenshot displays the official website of the Utah Department of Public Safety. The header includes the department's logo, name, and a language selection dropdown. A navigation menu lists 'Divisions', 'Media', 'Events', 'Contact', and 'About'. Below this, the 'Highway Safety' section is active, featuring a search bar and a 'Menu' icon. A secondary navigation bar contains three buttons: 'Traffic Records', 'Crash Entry Help' (highlighted in yellow), and 'GRAMA Request'. The main content area is titled 'Crash Entry Help' and features a photograph of a multi-car accident on a desert highway. Below the image, a text block provides contact information for training and assistance, mentioning Barbra Freeman and the email address bafreeman@utah.gov. A secondary email address, crashcitationsupport@utah.gov, is also provided for crash entry assistance. A small '#back' link is visible in the bottom right corner of the page.

Updating CERTs

You are confused to why someone is showing expired on your REPT and you know you emailed the agreement to your Field Rep:

- The expiration date will still show expired until you update the CERT in UCJIS
- Updating the CERT will update the training date on the individuals account under your ORI
- Remember we need the User Testing Agreement and the CERT for Non-Access Users/Users
- Remember we only need the CERT updated for Non-Users

The screenshot shows a web browser window with the UCJIS Home page open. A tab titled 'CERTL' is active. The main content area is titled 'Certify' and 'Enter Train/Test Certification Date'. Below this, there is a 'User Details' section with three input fields: 'User ID: *' with a text box containing 'ENTER USER ID', 'Agency: *' with a dropdown menu showing 'BCIFS', and 'Training Date: *' with a text box containing 'ENTER TRAINING DATE MMDDYYYY'. Below the form, there is a note: 'Test Date must be within the past 30 days.' followed by two paragraphs of agreement text. The first paragraph is for 'AGREEMENT FOR USERS BY TAC' and the second is for 'AGREEMENT FOR NON-USERS BY TAC'. At the bottom left, there is a blue 'Submit' button.

MUSR

TACs and Alt-TACs will want to utilize the MUSR transaction in UCJIS to update:

- Email address
- Phone number
- Name
- Date of birth
- Personal ID

The screenshot displays the UCJIS Home interface with a 'MUSRL' tab. It features two main sections: 'Modify User' and 'Modify UCJIS User'. The 'Modify User' section includes a 'User ID' field with the value 'zzybear' and a 'Lookup' button, and an 'Agency' dropdown menu set to 'ZOOPD'. The 'Modify UCJIS User' section contains a 'User Details' section with a note: 'NOTE: Complete the below information to add the user or non-user to your agency. Then email or fax the appropriate forms to the BCI CIC Help Desk.' Below this note are four fields: 'User Type' (dropdown set to 'NON USER'), 'User ID' (text field with 'ZZYBEAR'), 'Default ORI' (dropdown set to 'UT0000008-ZOOTOPA'), and 'Agency' (dropdown set to 'ZOOPD'). At the bottom, the 'Person Information' section includes 'Last Name' (text field with 'BEAR') and 'First Name' (text field with 'YOGI').

Impound PDF

When completing the EIMP transaction in UCJIS, a separate tab will open with the Impound PDF.

- If the User forgets to save and/or print the Impound PDF, how should they go about obtaining a copy?

Won't accept, but correct?

Contact the UCJIS Help Desk or your Field Service Representative. Sometimes, for one reason or another, we have to force the system to accept something.

- Through a Dynamic Submit, we force the system to accept
- ***VERY RARE***, but does happen
- Something only the Help Desk and Field Services can do

The screenshot shows a web application interface for a "Dynamic Submit Entry". At the top, there are browser tabs for "UCJIS Home" and "DYN1 x". Below the tabs is a "Query" button. The main content area is titled "Dynamic Submit Entry" and contains a "Required Fields" section. This section includes a field labeled "ORI: *" with a dropdown menu showing "UTBCI0000-U". Below this is a larger field labeled "Dynamic Entry: *" which is currently empty. At the bottom of this field, it says "750 characters remaining". A "Submit" button is located at the bottom left of the form.

Won't accept, but correct?

If the system or User puts a zero (0) in a name, then a Dynamic Submit will help to cancel/clear/modify if you are unable.

Crash & Citation

If you are using Crash & Citation in a Vendor and are receiving an error, please reach out to your Vendor first to see if it is on their side.

- Vendor can see if it is an error on their side or BCI's side

Crash & Citation

If your Vendor says the issue is on BCI's side, please ask your vendor to state the reason why it is on BCI's side.

- Then call the UCJIS Help Desk and supply the Vendor's reason to them
- The UCJIS Help Desk can then take the error message your Vendor gave you and give it to BCI's IT
- Without the error from the Vendor, BCI's IT will not know the issue or how to resolve the issue

Impounds - EIMP

If you receive an error while trying to complete the EIMP transaction in UCJIS, you will want to contact the UCJIS Help Desk for assistance with the error.
