Serial and CFP Search

Per Utah Statute 76-10-526.1, this service allows you to check the validity of a Utah Concealed Firearm Permit for purposes of a private firearm transfer. To ensure accuracy, please be sure to enter the correct permit number. The permit number can be found on the top right of the permit card and starts with either a C, J, or Q.

Concealed Firearm Permit Number:

To check whether a firearm has been reported stolen to law enforcement, please enter the complete serial number below. Leave out any hyphens or spaces. Keep in mind that different manufacturers can use the same serial number, so a "possibly reported stolen" response does not always mean that the firearm in question is a match to the stolen firearm.
