- On September 8th, we will kick off with an optional TAC 101 class alongside early check-in.
- September 9th-10th is the main conference, with insightful discussions and networking opportunities.

Where: Dixie Convention Center (St. George)

More details will be sent out shortly.

### AMBER Alert

BCI performed a statewide test of the Utah AMBER Alert system on April 3, 2025. We appreciate those who assisted in this test and are happy to report it was successful in integrating the AMBER alert system to a more modernized platform. It is critical that law enforcement and the public understand the importance of an AMBER Alert, a key part being the criteria that is required to be met for the issuance of an AMBER Alert. In order to qualify as an AMBER Alert, the following FOUR criteria must ALL be met:

1. Law Enforcement believes it is a child abduction?
  - Forcibly taken against their will, or by means of deception.
  - Taken by a NON-Custodial parent (NOT a custody dispute resource)
2. 17 years of age or younger?
3. Imminent danger, serious bodily injury or death?
4. Information to assist the public in the safe recovery of the victim or apprehension of the suspect?
  - Victim(s)/Suspect name, description, license plate etc.

## Upcoming BCI Training

BCI Field Services is excited to provide important training to all criminal justice agencies in May. These trainings are geared towards all UCJIS users and we would like to invite you to share this information with your agencies and register your users to attend.

### Upcoming UCJIS Baseline Training:

BCI Field Services will be teaching a Virtual UCJIS Entry Training class on **Thursday May 15, 2025** and a Virtual NCIC Inquiry Training class on **Wednesday May 21, 2025**.

The NCIC Entry training will cover how to "enter" into NCIC using UCJIS. Transactions include Utah Alerts such as AMBER, Missing Persons, Articles, Guns, Wanted Persons, Vehicles, and Images. This training class is **open to all UCJIS users** who would like training on how to enter data into NCIC using the UCJIS system. This training will begin at 8:00 AM and go until approximately 5:00 PM.

The UCJIS Inquiry training will cover how to "inquire" into UCJIS. UCJIS transactions that will be covered include DLQ, UCH, III, NCIC, QSW, MIL, and more. The training class is **open to all UCJIS users** who would like training on how to inquire into the different files available in the UCJIS system. The training will begin at 8:00 AM and go until approximately 4:00 PM.

To register for both or either training, please use the following registration links or register using the links on the TAC website. Registered participants will receive a Google Meet link prior to the training(s).

5/15/25 Entry:

<https://forms.gle/gvntB4x47WHv86FLA>

5/21/25 Inquiry:

<https://forms.gle/WkVTPsTTAbP8tPh26>

### Upcoming TAC 101 Training:

This TAC 101 training class is designed to help all TACs/ALT TACs, both new and those seeking a refresher and updates, to know and understand the basic responsibilities of being a TAC. Topics include user training and testing, the life cycle of a user, user management, and agency responsibilities.

**The next TAC 101 Training is scheduled for Wednesday June 25, 2025. To register for the class, please complete the form linked below.**
